Dear (Salutation)

LF Brook Absolute Return – lifting of fund suspension

I wrote to you recently to tell you that the LF Brook Absolute Return fund was suspended with effect from 13 June 2023.

I'm writing now to inform you that Link Fund Solutions Limited has now lifted the suspension on this fund from **Friday 21 July 2023**.

Why has the suspension been lifted?

Link believes that Odey Asset Management LLP can now manage the fund in accordance with its investment objective and policy and meet the expected level of redemptions. It has decided that it is in the best interests of shareholders to lift the suspension.

What does this mean for you?

You will be able to buy, sell or switch units as normal from 21 July 2023.

Phasing and Rebalancing – Any **phased investment** or **rebalancing** instructions using the fund will automatically be reinstated. During the suspension period, we either apportioned the payments intended for the suspended fund across your other funds or into a cash holding if it was the only fund in your instruction.

- **Direct Debits** – We will automatically start investing your payments into the fund again. During the suspension period we either apportioned the payments intended for the suspended fund across your other funds or into a cash holding if it was the only fund in the Direct Debit.

CONDITIONAL WORDING *if model portfolio*

- **Phasing and Rebalancing** – Any **phased investment** or **rebalancing** instructions using the fund will automatically be reinstated. During the suspension period, we either apportioned the payments intended for the suspended fund across the other assets in the portfolio or into a cash holding depending on how your adviser set up the model portfolio you are invested in. Alternatively, we may have updated the instruction if your financial adviser had provided a revised asset choice.
- **Direct Debits** – During the suspension period we either apportioned the payments intended for the suspended fund across the other assets in the portfolio or into a cash holding depending on how your adviser set up the model portfolio you are invested in. We will automatically start investing your payments into the fund again unless your financial adviser provided a revised asset choice. **END**

Please remember, cash may not be suitable for your long-term investment needs.
