Dear (Salutation)

Fund merger for abrdn Global Focused Equity

Account number: XXXXXX

Your financial adviser: XXXXXX

The abrdn Global Focused Equity fund that you invest in as part of a model portfolio set up by your financial adviser is due to merge into the abrdn Global Equity fund. The merger will take place on **27 September 2024**. You'll see the new fund on your valuations and statements after that date.

The merger is subject to shareholder approval. If it isn't approved, we will write to let you know.

Your financial adviser will take any action that needs to be taken and, if necessary, help to address any questions you may have.

How the merger will affect your account

The value of your fund holding – The merger may affect the value of your fund holding. Approximately 67% of the merging fund will need to be realigned in preparation for the merger. abrdn estimates the realignment cost will be 0.38% which will be borne by shareholders that haven't chosen to switch their holding by **11:00 on 12 September 2024**.

- **Phasing and Rebalancing** – Any **phased investment** or **rebalancing** instructions using the fund will automatically continue. These will either buy units in your other assets proportionally, or go into cash, depending on how your adviser set up the model portfolio. Alternatively, we will update the instruction if your financial adviser provides a revised asset choice.
- **Direct Debits** – If you are paying into the fund by Direct Debit future payments will either buy units in your other assets proportionally, or go into cash, depending on how your adviser set up the model portfolio. Alternatively, we will update the instruction if your financial adviser provides a revised asset choice.

Cash may not be suitable for your long-term investment needs. If you're happy for the amount to stay in cash, you don't need to do anything. Your financial adviser will take any action that needs to be taken and help to answer any questions you may have.

- The merger **may change the fund's risk profile**. You can see more information about the new fund in its Key Investor Information document, available online at XXXXXX

Why the funds are merging

After a review to identify funds having similar investment objectives, investment policies and risk profiles abrdn has concluded that, even though the fund has reduced in size over recent years they consider that investment in global companies continues to present attractive long term growth opportunities. Whilst they understand the merger proposal results in a change for investors, given the move from a fund which has a more concentrated portfolio to a fund that has a more diverse portfolio, they believe it is in the best interest of investors to offer a merger into another actively managed fund investing in global companies.

You can find more information about the old and new funds below.
