Dear (Salutation)

Fund merger for abrdn Investment Grade Corporate Bond

Account number: XXXXXX

Your financial adviser: XXXXXX

I am writing to you because you are invested in the abrdn Investment Grade Corporate Bond fund, provided by abrdn Fund Managers Limited.

abrdn has informed us that the abrdn Investment Grade Corporate Bond fund will merge into the abrdn Sterling Corporate Bond fund on **27 September 2024**. You'll see the new fund on your valuations and statements after that date.

The merger is subject to shareholder approval. If it isn't approved, we will write to let you know.

You may want to speak to your financial adviser about the impact of the merger. Please speak to them before making any investment decisions, or if you have any questions about this change.

If you don't have a financial adviser, we recommend that you consider the benefits of receiving professional financial advice, which can be especially important when you need to make investment decisions. If you would like to search for an adviser in your area you can start by visiting quilter.com/financial-advice/find-an-adviser.

The last date we can sell from the fund before the merger will be 11:00 am on 26 September 2024.

How the merger will affect your account

- **The value of your fund holding** – The merger may affect the value of your fund holding, as explained below under the heading "Will the merger cost me anything?"
- **Phasing and Rebalancing** – Any **phased investment** or **rebalancing** instructions using the fund will automatically continue after the merger. Unless you give us an alternative choice, future transactions will be reapportioned across the other assets in your instruction, or cash if the merging fund is the only fund in your instruction.

Cash may not be suitable for your long-term investment needs. If you're happy for the amount to stay in cash, you don't need to do anything. Alternatively, you can switch the cash into an alternative asset(s) from our extensive range. Your financial adviser can give us your switch instruction, or you can switch by logging into our online Customer Centre at quilter.com/login or by sending us a switch form in the post.

- The merger **may change the fund's risk profile**. You can see more information about the new fund in its Key Investor Information document, available online at XXXXXX Please note, it may not reflect the charges applicable when accessing the fund through us.
- **Ongoing Charge Figure (OCF) / Total Expense Ratio (TER)** - The OCF/TER will change with the merger.
- The **reimbursed rebate** that applies to your fund holding will change from 0.00% to 0.10%.

Fund managers apply an Annual Management Charge (AMC) for the investment management they provide. This is reflected within the daily price of the fund and not taken directly from your holdings.

The OCF/TER represents the ongoing charges for the fund, expressed as a percentage. It is the sum of the AMC and all other running costs of the fund. OCF is increasingly replacing the TER.

We receive a rebate from the fund manager in respect of this fund. This is effectively a discount on the fund manager's AMC, that we negotiate for you. We reinvest the whole rebate as a 'reimbursed rebate' into your account. You can see more details of this in the 'Customer Account Credit' section of your quarterly statements.

The table below shows the current and new AMC, OCF/TER and reimbursed rebate of the fund. The Effective OCF/TER is the OCF/TER less the reimbursed rebate.

	AMC %	OCF/TER %	Reimbursed rebate %	Effective OCF/TER %
Current	0.50	0.59	0.00	0.59
New	0.50	0.59	0.10	0.49

Please note that none of the changes detailed in this letter affect any charges made by Quilter.

Will the merger cost me anything?

Approximately 1% of the merging fund will need to be realigned in preparation for the merger. abrdn estimates the realignment cost will be 0.01% of the fund value.

Should you wish not to incur any of the realignment costs, you can switch your holding any time up until **11:00 am on 12 September 2024**.

Why the funds are merging

After a review to identify funds having similar investment objectives, investment policies and risk profiles abrdn concluded that both funds were similar given both share the same investment universe and use the same index as a reference point for portfolio construction, although the continuing fund does have greater flexibility in its investment universe with the ability to invest in high yield bonds. The continuing fund also aims to deliver a similar outcome for investors compared to the merging fund and therefore it is proposed to merge the two funds.

You can find more information about the old and new funds overleaf.

The next steps and avoiding the merger

You do not need to take any action unless you would like to choose a new asset from our extensive range. You can switch your holding in the abrdn Investment Grade Corporate Bond fund at any time up until **11:00 am on 26 September 2024**. If you decide to switch into a new asset(s), please note that you will also need to update your asset choice for Direct Debit payments, if applicable.

If you have any questions about this letter, please speak to your financial adviser who will be able to help you. Alternatively, you can call or email us using the details shown and we will be happy to help. Our Customer Service Centre is open 8:30am – 5:30pm, Monday to Friday.

Yours

Callum Earl

Fund objectives

Current fund abrdn Investment Grade Corporate Bond	New fund abrdn Sterling Corporate Bond
<p>Fund objective: To generate income and some growth over the long term (5 years or more) by investing in Sterling-denominated investment grade corporate bonds.</p> <p>Performance Target: To achieve the return of the Markit iBoxx Sterling Collateralized & Corporates Index plus 0.8% per annum (before charges). The Performance Target is the level of performance that the management team hopes to achieve for the fund. There is however no certainty or promise that they will achieve the Performance Target.</p> <p>The fund will invest at least 60% in Sterling denominated investment grade corporate bonds.</p>	<p>Fund objective: To generate income and some growth over the long term (5 years or more) by investing in Sterling-denominated investment grade corporate bonds.</p> <p>Performance Target: To exceed the IA Sterling Corporate bond Sector Average return (after charges) over 1 year and be top quartile over rolling three year periods. The Performance Target is the level of performance that the management team hopes to achieve for the fund. There is however no certainty or promise that they will achieve the Performance Target.</p> <p>The fund will invest at least 60% in Sterling denominated investment grade corporate bonds.</p>
